

Sandy Family Has New Home

by Nick Duerksen, Community Development

Utah's Heart2Home Foundation recently coordinated help from thousands of volunteers to help build a new home for the Smeltzer family who suffers from a debilitating degenerative disease called leukoencephalopathy. With donated materials from local businesses and donated construction from Foote Construction, the original 1,560-square-foot home at 448 East and 8800 South, was razed and replaced with a 4,400-square-foot home designed to accommodate the physical needs of the family.

The house is now fully equipped with donated furnishings, appliances, decorating and landscaping. Most amazing is the entire project, from the demolition of the old home to the moving in of the Smeltzer Family, took only two weeks to complete.

Several other homes in the surrounding neighborhood also received a make-over with new sod, landscaping and mulch.

Mayor Dolan, the City Council and hundreds of friends, neighbors and volunteers were on hand on October 24th to welcome the Smeltzer Family to their new home which included a parade, live music and a marching band.

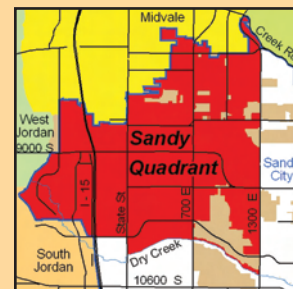

We commend the Utah Heart2Home Foundation and give special recognition to Tiffany Berg, Foote Construction, business owners and the over 1,000 volunteers who made this dream come true for the Smeltzer Family.

Sandy City Council hosting Sandy Quadrant Meeting

The City Council and Mayor invite you to a special Community Quadrant Meeting for the Sandy Quadrant (see map below for boundaries) being held at Sandy Park and Recreation Building located at 440 East 8680 South on Tuesday, November 21, 2006 at 7 p.m.

The City Council, Mayor and City's Administrative department heads will be present to update citizens on events and happenings in the City. They will also report on recent business developments, public safety efforts, public works, parks and street projects. Time will also be allotted to answer citizen questions. Come out and be informed.
